This diagram illustrates the final step of assembling the tabletop. A second rectangular panel is shown to the right of the partially assembled table. A red arrow points from this panel towards the left edge of the existing tabletop, indicating it should be slid into place to complete the surface.

10

Diagram 10 illustrates the step of attaching the top panel to the frame. The main view shows a perspective of the frame with four legs. A top panel is being lowered onto the frame. A red callout shows a close-up of a hinge being attached to the panel. A blue callout shows a close-up of a hinge being attached to the frame. A black arrow points from the blue callout to the main view, indicating the direction of assembly.
